# Academics can engage in different ways

- ✦ OPF is working in H2020 projects – BDE and EuToxRisk
- ✦ Partnering with academic members to deliver new insights
- ✦ Consider how we could add value and breath to your consortia

# Precompetitive Innovation

- ✦ Data services and infrastructure in life sciences remains a key challenge
- ✦ Open PHACTS has changed the world, where can we go next together?

# Come and collaborate

- ✦ New projects
- ✦ Improve our code and services
- ✦ Open Innovation projects
- ✦ Webinars
- ✦ New ideas for data services and workflows
